**1 – 6 pm Continuous transport of participants and craft from end point at Strom Park in Fenton back to Water Works Park in Holly**

**We ask that people participating in this event become members.** This event is to support the people who take care of the river and make it possible to canoe or kayak all summer long. Without our work, the river would be blocked with trees and full of trash. We are also looking to collect match money so that we can apply for grants to build a takeout at Fish Lake Road. We have already acquired the property but the required accessible structure with parking is estimated to cost \$80,000.00.
